## Quality – a tradevalue by Hettich.

**Only what can be measured, can also be improved!**

We produce quality "made in Germany" and we test in-house by means of the latest state-of-the-art testing equipment taking into account all relevant standards and guidelines.

Quality, innovation, closeness to customers, reliability. That is Hettich's motto, that is ours!

## Hettich shapes the present and the future! All over the world!

We are partners to the furniture industry around the globe. Together we are successful. In more than 100 countries in the world more than 5.800 employees accept the challenge to create and to produce innovative solutions for furniture. Being one of the biggest manufacturers of furniture fittings we manage with enthusiasm to win our customers over to our ideas, and highest quality.

## The perfect player!

### Frankoflex – the most convenient adjustment of the armrest

The fitting has been redesigned and has become even more precise.

This special version designed for sofas with one-piece upholstery prevents the armrest from rising unintentionally when somebody sits down on the sofa whilst maintaining its high stability and quality.

**Unique in its technical design,  
but versatile and flexible in  
the possibilities of use!**

Technik für Möbel
