

FurnSpin

Your turning and swivelling
furniture system

Hettich

PUT A SPIN ON TOMORROW'S WORLD OF FURNITURE.

The furniture industry is facing a myriad of exciting challenges from today's megatrends of urbanisation, individualisation and work evolution.

Any manufacturer wanting to set trends and make statements in this market will need to offer more than just the usual line-up of "new releases".

To be provocative, it is essential to think outside the box.

People love a good spin: furniture does too!

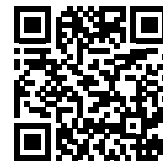

Whether it's children happily running around in circles, people dancing or having fun at the fair — as human beings, we experience pure joy when we spin around or see something spinning. What's more: it's something we love, something that magically attracts and fascinates us.

The Joy of FurnSpin is based on this simple but all the more compelling realisation. It is precisely this deep primordial joy, the inspiration from letting go, that furniture manufacturers experience with FurnSpin by Hettich to unleash their creativity.

APPLICATION EXAMPLES

FurnSpin is inspiringly different:

This innovative fitting for high end division gets rid of old style formats and puts a creative new spin on furniture design. Open doors or flaps no longer get in the way – most of the cabinet body can now be moved with effortless ease.

hettich.com/short/mir83ws

Prime space-defining kitchen cabinetry

Compact kitchen cabinetry with new prestigious storage solutions for open plan living.

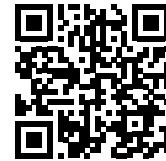

hettich.com/short/fraw1d3

Prime turnaround living space shelf unit

Much more than a living space shelf unit: a magical piece of exciting furniture.

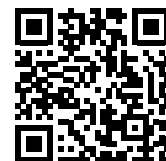

A stylish turn leaves furniture to reveal what's inside. Hiding everything from view again, a further spin returns furniture to its closed state. "The Joy of FurnSpin" from Hettich fascinates in all types of furniture.

hettich.com/short/ozwynip

Prime floating bathroom furniture

It's magic: floating bathroom furniture with all manner of astounding convenience.

hettich.com/short/igq1zrb

New work office furniture with revolving storage space

Making creative use of storage space goes perfectly with the concept of a dynamic working environment in the office.

Put a spin on tomorrow's world of furniture

The furniture industry is facing exciting challenges from today's megatrends of urbanisation, individualisation and work evolution. Anyone wanting to set trends in this market needs to provide innovative solutions. FurnSpin breaks with yesterday's designs and brings fresh drive to the furniture world: furniture now turns to reveal

everything inside without doors or flaps getting in the way. FurnSpin permits new spatial concepts with outstanding design and impressive functionality. "Spinning" is a thing of joy, creating a magical furniture experience that's long remembered.

Two items of furniture all in one:
Furniture comes with flexibility to embrace any user need.

Movement with wow effect:
Unique look and feel to give furniture users pure joy.

Innovation in furniture design:
Let FurnSpin redefine what innovative, premium quality means, for both yourself and your brand.

Design principle

Mode of operation

Spin furniture:

- Interior furniture, is moved by FurnSpin-fitting
- Height min. 700 mm to max. 2400 mm

Bounding Box:

- Base area covered by Spin furniture in its open and in its closed position
- The Bounding Box determines the size of fitting to select

Movement area:

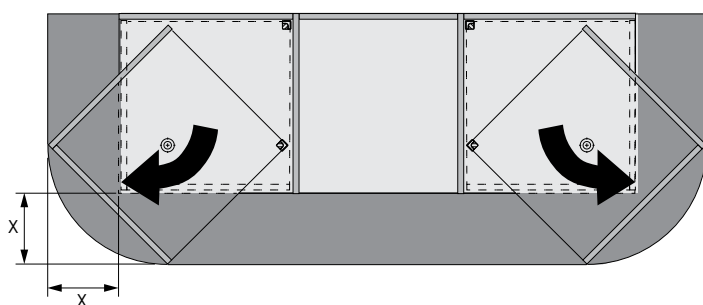

- Space required by the Spin furniture throughout its movement cycle, including the outside of the fixed furniture

Load capacity:

- Total weight of Spin furniture, including contents

Installed position, left:
Opening direction clockwise

right:
anticlockwise

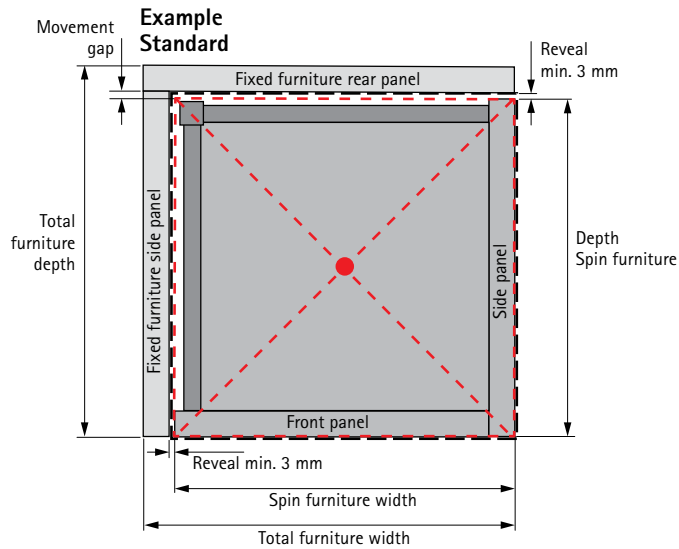

FurnSpin size	S	M	XL
min. in mm			
Bounding Box	377 x 377	440 x 440	564 x 564
Movement space X	192	218	275
max. in mm			
Bounding Box	450 x 450	515 x 515	664 x 664
Movement space X	207	234	296
Loading	80 kg	100 kg	120 kg

Spin furniture versions

All illustrations show fitting installed on right (opening direction anticlockwise). Left: in ease case reversed.

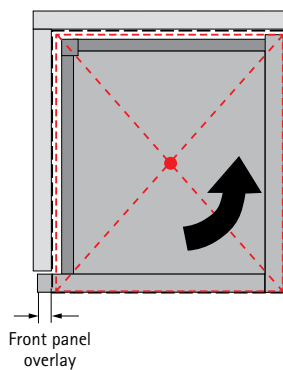

Detailed planning with FurnSpin configurator

Note: all designs can be combined

Cabinet body designs

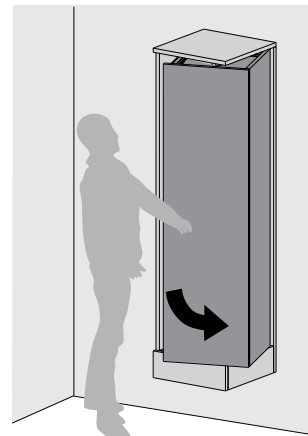

Examples show installed position on right
(opening direction anticlockwise)

Integrated in
free standing furniture

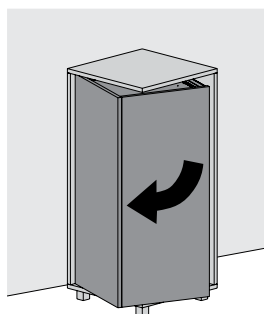

Stand-alone furniture

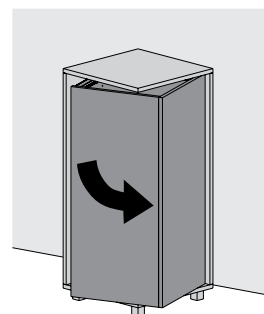

Wall unit with
reinforced base panel

Installed position selected

Installed position, left:
Opening direction clockwise

Installed position, right:
Opening anticlockwise

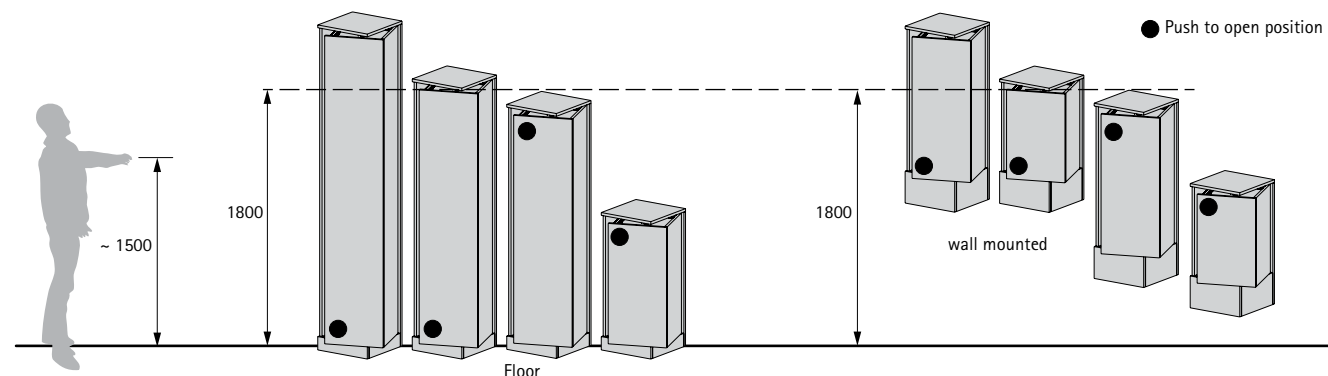

When planning the entire piece of furniture, always bear in mind which opening direction makes the Spin furniture easiest to open. The opening direction cannot be reversed.

Push to open Silent position selected

Recommendation:

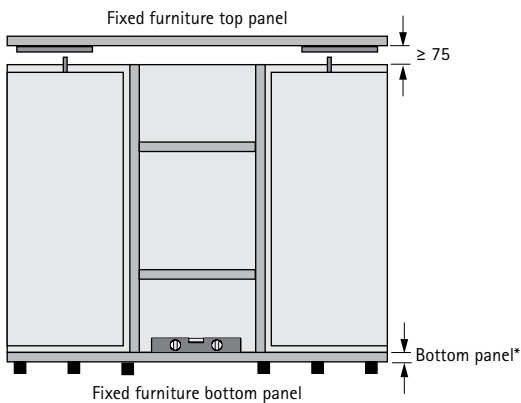

Top edge of Spin furniture above ≥ 1800 mm: Push to open positioned at bottom

Top edge of Spin furniture below < 1800 mm: Push to open positioned at top

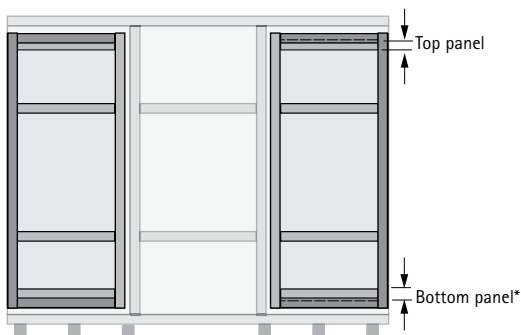

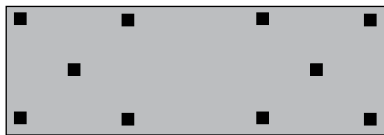

Cabinet body design details

Front view fixed furniture

View from below

Requirements on fixed furniture

- Removable top panel and clearance for installation ≥ 75 mm; Spin furniture is assembled by installing fitting from above
- Levelling, e.g. with spirit level
- Additional 5th foot, centred below FurnSpin fitting
- Fixed furniture attached to wall or adjacent furniture
- Minimum thicknesses of fixed furniture material in mm*:

FurnSpin size	S	M	XL
Top panel	≥ 16		
Bottom panel*	≥ 16	≥ 18	≥ 18
Side panel	≥ 16		
Rear panel	≥ 16		

Requirements on Spin furniture

- Corner profile or similar to provide sufficient stability
- Clearance for installing FurnSpin fitting
- Minimum thicknesses of the Spin furniture material in mm*:

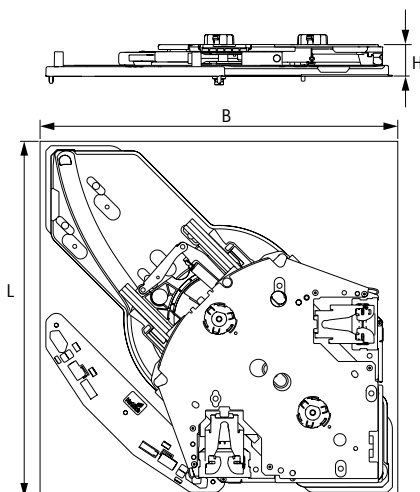

FurnSpin size	S	M	XL
Top panel	≥ 16		
Bottom panel*	≥ 19	≥ 22	≥ 25
Front / side-panel	≥ 16		

*depending on material quality, it may be necessary to use thicker material or provide reinforcement to prevent sagging.

For detailed planning and further information

Space required for FurnSpin

Minimum dimensions for installing turning swivelling fitting in mm

FurnSpin size	S	M	XL
Length L	339	402	526
Width B	339	402	526
Height H	40	40	45

FurnSpin S with Silent System

Support in selecting the right fitting size (S, M or XL) and detailed planning in the FurnSpin configurator

- Turning and swivelling system for a Spin furniture in a fixed furniture
- Installation position left: clockwise opening
- Installation position right: anticlockwise opening
- For two defined end positions: 0° and 180°
- Integrated Silent System
- Suitable for Spin furniture with a Bounding Box base area of min. 377 x 377 mm to max. 450 x 450 mm
- Height of the Spin furniture from min. 700 mm to max. 2400 mm
- Maximum load capacity (Spin furniture weight incl. load) 80 kg
- Can be adjusted in height, tilt, depth, width and end position
- Optional: Cadro frame system for FurnSpin
- Steel, plastic

Set comprises:

- 1 premounted top fitting
- 1 premounted bottom fitting
- 1 aid
- Fixing material
- Installation instructions
