Storage space organised the smart way

Whether tall units, base units or corner units – Hettich's well-considered, high-quality fittings systems can optimise storage spaces behind the furniture front. This means more convenience for all kitchen users: the cabinet interior quickly shows where everything's kept and provides convenient, ergonomic access to cabinet contents. Even small alcoves, narrow cabinets and hard-to-reach corners can be used more efficiently with solutions from Hettich.

Cabinet interiors

Summary

Base unit interiors **4 – 7**

Corner cabinet interiors **8 – 17**

Pantry storage **18 – 20**
