In 2025, architecture is embracing a distinct new aesthetic—**linearity** and **clarity**. Hettich India's "Go Linear, Be ahead of the Curve" design philosophy signals a pivotal shift from curved forms to structured lines, echoing a broader transformation in spatial design. This movement is redefining not just the look, but also the logic and organization of interiors.

Hettich's comprehensive linear drawer systems—**AvoriTech**, **AvanTech YOU**, **ArciTech**, and **InnoTech Atira**—have become the benchmark for premium, future-ready living. Each system exemplifies precision engineering, refined aesthetics, and seamless integration, making them the top choice for architects, designers, and discerning homeowners. Here's how these systems are setting the trends in 2025:

HIN-PR012025

1. AvoriTech – “Less for More”

AvoriTech defines a new era in luxury linear drawer systems. It has 8 mm side profiles which creates a minimalist, seamless appearance, elevating spaces through subtle elegance and maximum design freedom.

- **Why it's trending:** Exceptionally slender 8 mm sides for pure linearity and understated luxury
- **Performance:** Completely concealed technology, Actro YOU runner for smooth, silent motion
- **Customization:** Optional Push to Open Silent, vertical/lateral/tilt adjustments
- **Finishes:** Anthracite
- **Awards:** iF Product Design Award, 2021
- **Ideal for:** Minimalist, high-end interiors

2. AvanTech YOU – “As Individual as You”

AvanTech YOU empowers designers and users to personalize every detail. Its 13 mm monolithic sides blend sophistication with creative freedom, offering design capes, inlays, and ambient lighting for limitless expression.

- **Why architects love it:** Extensive customization— inlays, clip-on LED lighting
- **Engineering:** Choice of Actro YOU or Quadro YOU runners (load capacity up to 70 kg), 4-way adjustment
- **Design flexibility:** Compatible with glass, wood, stone inserts (10 mm)
- **Awards:** Red Dot, iF Design, Interzum, Good Design
- **Applications:** Kitchens, wardrobes, living, and vanity areas

3. ArciTech – “When quality becomes an experience”

ArciTech delivers high performance and stability with pure, architectural lines. Its robust modular platform supports wide, heavy drawers and diverse personalization options.

- **Why it's ideal:** Outstanding stability and load capacity (up to 70 kg with Actro runners)
- **Functionality:** Full-extension runners, soft-close and push-to-open silent options
- **Customization:** Design Side and Top Side variants, internal organizers
- **Finishes:** Silver, white, anthracite
- **Awards:** Good Design, iF Design
- **Best for:** High-end kitchens, premium furniture

4. [InnoTech Atira](#) – “On the cutting edge”

[InnoTech Atira](#) combines bold, square lines with modular flexibility, creating practical yet expressive interiors. It stands out with its contemporary design and dynamic enhancement options.

- **Why it stands out:** Design Side, Top Side, and internal front panel options for maximum flexibility
- **Engineering:** Quadro runners, up to 50 kg load capacity
- **Features:** Design & top side variants, smooth operation with Silent System and Push to Open Silent
- **Awards:** German Design Award, 2016
- **Applications:** Kitchens, living spaces, vanities

Go Linear. Go Hettich.

Hettich’s “Go Linear, Be ahead of the Curve” philosophy empowers architects to embrace structure, symmetry, and the power of the line as the defining language of contemporary design. From luxury residences to future-ready offices, Hettich linear drawer systems are at the heart of today’s most magical interiors.
