about AvanTech and Actro 5D

For a truly perfect result that pampers all the senses: the ingenious combination of Actro 5D drawer runner and AvanTech drawer system

Living perfection: Drawer system AvanTech

The drawer system that meets the most exacting design aspirations inside furniture as well: AvanTech cuts a fine figure with perfect sleek lines, sharply rounded edges and no cover caps or holes whatsoever in the drawer side profile. High quality aluminium creates an impressively purist look. On the performance side, AvanTech scores with unequalled running action, exceptional stability and precision reveal alignment.

Highlights at a glance

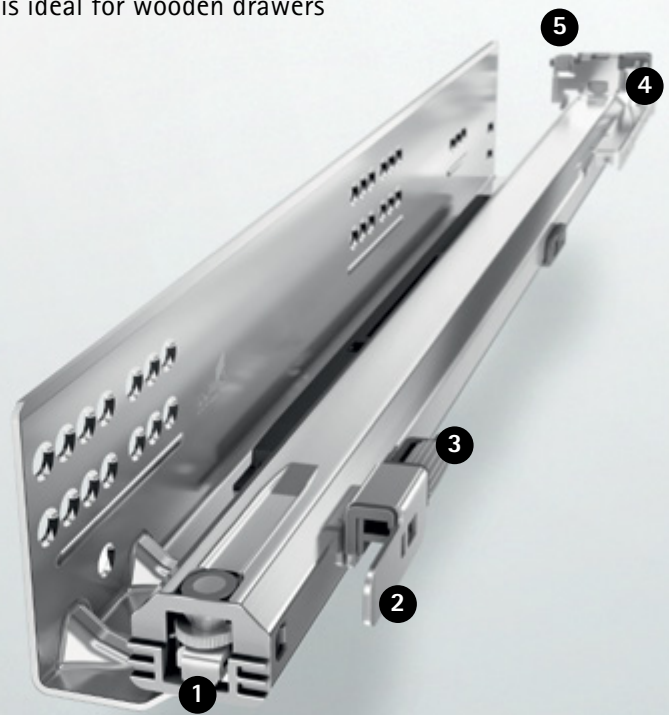

- Sleek, purist, with sharply rounded edges
- Without visible working parts/cover caps
- High quality aluminium
- 13 mm drawer side profile thickness
- No need to cut out drawer bottom panel
- 5 heights
- 9 lengths, from 270 mm to 650 mm
- All the benefits of the Actro 5D runner
- Silent System, Push to open Silent
- Easy differentiation between furniture ranges: identical runners for wooden drawers and AvanTech

Impressively precise: Drawer runner Actro 5D

The drawer runner that perfectly complements unique furniture design with narrow reveals and generously sized drawer front panels: adjusting in 5 directions, Actro 5D leaves no margin of doubt with precision front panel alignment. Excellent running performance and incredible stability provide supreme quality you can feel and hear. Actro 5D is ideal for wooden drawers as well as for the AvanTech drawer system.

- 1 Infinitely variable height adjustment
- 2 Precision side adjustment (in the catch)
- 3 Optional depth adjustment
- 4 Tilt adjustment
- 5 Radial adjustment prevents open gaps on one side

Highlights at a glance

- Unequalled running action, smooth and synchronised
- Exceptional stability, horizontally and vertically
- Extremely narrow reveals and precision front panel alignment from 5-way adjustment and optimum, secure drawer fit on the runner
- Silent System, Push to open Silent
- 18 lengths, from 250 mm to 750 mm
- Load capacity of 40 kg/60 kg/80 kg, for large size furniture design when laden in compliance with standards
- Easy differentiation between furniture ranges: identical assemblies for wooden drawers and AvanTech
