AvanTech double walled drawer system

For the inner values:
The AvanTech drawer system consistently carries first class furniture design through to the inside of furniture. It fascinates with incredibly sleek lines and minimal edge rounding. No cover caps or holes in the slimline 13 mm drawer side profiles. In combination with the Actro 5D drawer runner, it gives furniture absolute perfection you can see, feel and hear. The Actro 5D drawer runner is the basis for confident furniture design: 5-way adjustment for ultimate precision. Extreme stability up to 80 kg. Large format, perfectly aligned front panels with narrow reveals produce fascinating effects. AvanTech opens up new options in designing furniture. Also handleless with silent and soft closing: with Push to open Silent.

Storage space in its finest form: for fascinating kitchen design. Load capacity up to 80 kg: for creating kitchens with plenty of space.

The alternative to wooden drawers: slim, classy, without visible plastic parts.

Brilliant in the bathroom: the bottom panel can be finished with moisture resistant edging.

For accurate reveals and perfectly aligned front panels: precision 5-way adjustment.
For delighted customers:
Actro 5D brings a smile to the face of furniture buyers. The unique prism principle and synchronous control ensure a perfectly coordinated movement cycle that makes hardly a sound. Agreeably low opening forces and high performing, particularly gentle Silent System complement this impression.

Wooden drawer or AvanTech? However you or your customers decide, the platform concept means the Actro 5D runner and catch always remains same. This makes it easy for you to meet your customers' preferences. And all with an identical carcase look and low logistical input and cost.

Systematic purism:
drawer side profiles in 5 height. No holes or cover caps.

6 mm slim internal front panel: room for handle screws or Push to open Silent.

Flexibility in meeting customer wishes:
Actro 5D runner compatible with wooden drawers.

Large pull-outs, heavy front panels:
Actro 5D effortlessly moves up to 40 kg, 60 kg or 80 kg.
Double walled drawer system ArciTech

- Everything in one document. Always the right packaging concept.
- Summary

- **All inclusive sets**
  - Easy to order in just two steps
  - Ready-to-assemble set for wooden or aluminium rear panel

- **Flexible sets**
  - Easy to order in four steps
  - Take advantage of economic benefits provided by the steel rear panel for standard carcase widths

- **Bulk pack**
  - Perfect for high order volumes
  - Ideal for use in automatic production processes

- **Preassembled drawers**
  - Maximum choice, minimum effort
  - Ready assembled drawer or pot-and-pan drawer for standard and customised widths
Double walled drawer system ArciTech

- Everything in one document. Always the right packaging concept.
- All inclusive sets

**All inclusive sets**

All inclusive sets not only simplify assembly but make ordering easy too: in just **two steps** and with only two article numbers, you get a **ready-to-assemble set** for wooden or aluminium rear panel.

---

**Example:**

Pot-and-pan drawer in silver with lengthwise railing, system height 186 mm, drawer side profile height 94 mm, nominal length 500 mm, wooden rear panel, carcass width 600 mm, Actro 40 kg with Silent System for carcass side thickness of 16 mm.

1. Select drawer / pull-out type, including drawer side profile height, system height and nominal lengths as well as surface colour
2. Type of runner

---

### Pot-and-pan drawer set

**Package contents:**
- 1 drawer side profile, left / right
- 2 knock in front connectors for drawer side profile
- 2 plastic cover caps with Hettich logo
- 1 rear panel connector, left / right
- 1 lengthwise railing, left / right, and 2 knock in front connectors for lengthwise railing

Technik für Möbel
Double walled drawer system ArciTech

- Everything in one document. Always the right packaging concept.
- ArciTech preassembled drawers

Perfect quality
- Precise machine assembly
- Drawers immediately ready for use
- Special packaging for secure shipment
- Bottom panels and rear panels in colour to match drawer side profile design

Planning certainty
- Same superb quality also for special productions
- Fast, accurate costing and ordering via online configurator
- Standard carcase widths and customised dimensions can be ordered

Short delivery times
- Centralised processing of all orders – careful and efficient handling
- Delivery within just a few working days
- Ready assembled drawers for a fast production process

---

### Preassembled drawer

#### Example:
Pot-and-pan drawer in silver with lengthwise raiing, system height 186 mm, drawer side profile height 94 mm, nominal length 500 mm, steel rear panel, carcase width 600 mm, Actro 40 kg with Silent System for carcase side thickness of 16 mm.

Double walled drawer system ArciTech

- Everything in one document. Always the right packaging concept.
- ArciTech preassembled drawers

Ordering by e-mail or fax

- "ArciTech Preassembled Drawers" catalogue, Page 181: order form
  1. Enter quantity, order number and designation
  2. Customised carcase dimensions? Enter carcase width and side panel thickness
  3. E-mail or fax to your retailer – done!

Simply order online:
Enter order numbers directly

- Order numbers known?
  1. Open Hettich online catalogue
  2. Click Shopping basket
  3. Enter order numbers
  4. Check entries in the overview
  5. Submit – done!

Online configurator:
To the ArciTech preassembled drawer in just a few clicks

1. Open the drawer configurator in the Hettich online catalogue
2. Select ArciTech
3. Define drawer colour
4. Select "Preassembled drawers" section
5. Follow the instructions and complete parameters
6. Submit – done!

InnoTech Atira double walled drawer system

- Everything in one document. Always the right packaging concept.
- Summary

**All inclusive sets**
- Easy to order in just two steps
- Ready-to-assemble set for wooden or aluminium rear panel

**Flexible Sets**
- Easy to order in four steps
- Take advantage of economic benefits provided by the steel rear panel for standard carcase widths

**Bulk pack**
- Perfect for high order volumes
- Ideal for use in automated production processes
InnoTech Atira double walled drawer system

- Everything in one document. Always the right packaging concept.
- All inclusive sets

All inclusive sets
All inclusive sets not only simplify assembly but make ordering easy too: in just two steps and with only two article numbers, you get a ready-to-assemble set for wooden or aluminium rear panel.

Example:
Pot-and-pan drawer in silver with lengthwise railing, height 144 mm, nominal length 470 mm, wooden rear panel, case width 600 mm, Quadro V6 runner with Silent System, EB 12.5 mm

1. Select drawer / pull-out type, including drawer side profile height, system height and nominal lengths as well as surface colour

2. Type of runner

InnoTech Atira double walled drawer system

- Everything in one document. Always the right packaging concept.
- Bulk pack

### Bulk pack

Bulk packs are the ideal option for high order volumes. Simply select drawer or pull-out type and order the parts from the component list.

### Bulk pack components

#### Example:

Pot-and-pan drawer in silver with lengthwise railing, height 144 mm, nominal length 470 mm, steel rear panel, carcase width 600 mm, Quadro V6 runner with Silent System, EB 12.5 mm

1. **Drawer side profile**
2. **Drawer front connector for drawer side profile**
3. **Cover cap**
4. **Drawer front connector for side element**
5. **Side element for pot-and-pan drawers**
6. **Type of rear panel / system height**
7. **Type of runner**

### 1. Drawer side profile

<table>
<thead>
<tr>
