

REHAU - As a polymer specialist, REHAU is an international leader in construction, automotive and industry. Around the world, the company offers its customers innovative system solutions and outstanding service from a single source. Even today, REHAU is already directing the developments toward such future-significant topics as energy efficiency, renewable energy, water management, mobility and future living. With approximately 18,000 employees at more than 170 locations, the independent privately held corporation has assumed a leadership role as an innovation driver and solution provider. Within its Furniture Business Division, REHAU develops and manufactures functional surfaces and harmonized systems to enhance living and working areas.

Hettich - Technik für Möbel has become a byword the world over. Hettich is one of the world's largest manufacturers of furniture fittings and a strong partner for the international furniture industry. Hettich products set standards for functionality, quality and comfort in kitchen, bathroom, office, residential and bedroom furniture. Hettich today is a worldwide group of companies with over 6,000 employees and a strong brand. Customers are furniture manufacturers, specialized dealers, cabinetmakers and the DIY sector. Hettich has production facilities in North America, Europe and Asia and is represented by 38 subsidiaries and branch offices around the world.

HOSTS

# [ International Design Award ]

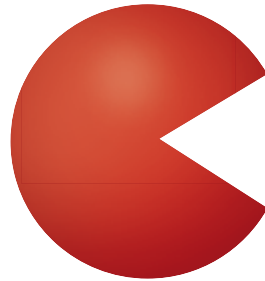

10<sup>th</sup>  
Edition

## TASK

Take your chance and participate in the 10th edition of the International Design Award. Let your imagination run free, leave existing paths of thinking and create a future-oriented, innovative and unique furniture solution. With its design as well as its technical intelligence, your entry should ease the future conflict of living and working spaces.

**SUBMIT NOW!**

Deadline: **March 1, 2015**

## TAKE FURNITURE TO THE NEXT LEVEL

### OBJECTIVES

Supporting talents and demonstrating trends and visions of tomorrow through fresh thinking – this is the declared objective of the International Design Award that takes place every two years by Hettich and REHAU as the companies holding it. The competition invites design, architecture and wood technology students all over the world to create forward-pointing, innovative and unusual solutions in furniture design and furniture-making since 1997.

### TIMELINE

Registration will start from June 2014 on the web-page

**[www.internationaldesignaward.com](http://www.internationaldesignaward.com)**

To register please fill the requested fields of the online registration form. Designs can be submitted until March 1, 2015 latest.
