

## **"interzum award 2023" for FurnSpin from Hettich**

### **Top "Best of the Best" accolade**

**Once again, an innovative product from Hettich wins the prestigious "interzum award": the "FurnSpin" fitting system left the expert jury in no doubt within a field of challenging contenders, attracting the highest "Best of the Best" accolade with its "well thought out and innovative design".**

"Receiving the interzum award confirms the quality and ingenuity of your work while underscoring your product's international standing in the industry," commented show organiser Koelnmesse.

FurnSpin is inspiringly different: the innovative fitting for the high end segment does away with old style formats and puts a creative new spin on furniture design. Open doors or flaps no longer get in the way – most of the cabinet body can now be moved with effortless ease. A stylish turn leaves furniture to reveal what's inside. Hiding everything from view again, a further spin returns furniture to its closed state. "The Joy of FurnSpin" from Hettich fascinates in all types of furniture.

The fitting's unique "translatory rotational movement" now literally turns furniture inside out. Doing so, FurnSpin synchronises two different forms of movement: swivel action as well as rotation through 180 degrees. Benefiting from perfected kinematics, the cabinet body moves along a defined path, preventing any collision between furniture edges. The astounding part: FurnSpin would seem to cancel out centrifugal force. Torque is balanced so
